DETAILED ACTION

Pending Claims

The pending claims in the instant application are 1, 32 and 33. The independent claims are 1 and 32.

Claim Rejections - 35 USC § 112

1. The rejection of claims 1, 32 and 33 under 35 U.S.C. 112, first paragraph, because the specification, while being enabling for oxybutynin and its pharmaceutically acceptable salt in an amount of 240 ng to 650 mg that is controlled and sustained, zero order release, but does not reasonably provide enablement for oxybutynin and its pharmaceutically acceptable salt has been maintained for reasons of record in paper number 3, paragraph 2.

Double Patenting

2. The rejection of claims 1, 32 and 33 under the judicially created doctrine of double patenting over all claims of U. S. Patent Nos. 5,674,895, 5,840,754, 5,912,268 and 6,262,115 since the claims, if allowed, would improperly extend the "right to

exclude" already granted in the patent has been maintained for reasons of record in paper number 3, paragraph 4.

Response to Arguments

3. Applicant's arguments filed January 18, 2002 have been fully considered but they are not persuasive.

Applicant argues that the claims have been amended to disclose the range of oxybutynin and its pharmaceutically acceptable salts and the release period disclosed (see page 3, 2nd full paragraph). Applicant has not amended the claims in accordance with the rejection of record which states that the composition be: (1) in an amount of 240 ng to 650 mg and (2) controlled and sustained, zero order release (3) both in a 24 hr. period. Applicant's final argument is that the claims are in rejected status therefore a terminal disclaimer was not filed (see page 3, 5th full paragraph). The double patenting rejection is independent of the other rejections of record.

Conclusion

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

Art Unit: 1616

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
